

E-Safety – A School Charter For Action

July 2013

Date Reviewed	July 2013
Signed	
To be Reviewed	July 2017

Name of School: Ilfracombe Church of England Junior School

Name of Local Authority: Devon County Council

We are working with staff, pupils and parents/carers to create a school community which values the use of new technologies in enhancing learning, encourages responsible use of ICT, and follows agreed policies to minimise potential e-safety risks.

Our School Community

Discusses, monitors and reviews our e-safety policy on a regular basis. Good practice suggests the policy should be reviewed annually or at most every two years.

Supports staff in the use of ICT as an essential tool for enhancing learning and in the embedding of e-safety across the whole school curriculum.

Ensures that pupils are aware, through e-safety education, of the potential e-safety risks associated with the use of ICT and mobile technologies, that all e-safety concerns will be dealt with sensitively and effectively; that pupils feel able and safe to report incidents; and that pupils abide by the school's e-safety policy.

Provides opportunities for parents/carers to receive e-safety education and information, to enable them to support their children in developing good e-safety behaviour. The school will report back to parents / carers regarding e-safety concerns. Parents/carers in turn work with the school to uphold the e-safety policy.

Seeks to learn from e-safety good practice elsewhere and utilises the support of the LA, SWGfL and relevant organisations when appropriate.
